Greater Des Moines Area, October 2005 - Now in its fourth year, the **Best of the Midwest Design Awards** competition recognizes outstanding design, craftsmanship and functionality in the projects of remodelers working in Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota and Wisconsin.

The judging panel included editors from *Professional Remodeler* as well as remodelers, architects and kitchen and bath designers.

“Silent Rivers Design Build is quite astounded by the good fortune that our company is having within the remodeling industry. The talents of our designers and artisans have created some incredibly wonderful projects this year, and our clients have been very passionate and supportive of our work and ideas. When an established group of jurors chose 5 entirely different projects from our company to represent Mid-western remodeling and design, we were quite proud. This excitement heightened when owner of Silent Rivers, Chaden Halfhill, was asked to pose for the cover of ‘Professional Remodeler.’ As a company, we are very grateful for our recent successes, and are enthusiastic about the strength of Central Iowa’s remodeling industry. “

Winning projects will be included in the October issue of *Professional Remodeler* and online at <http://www.housingzone.com/designawards>.
